

SECURE, SAFE, AND RELIABLE DATA PROTECTION

DATA SECURITY KITS FOR PRINTERS AND MULTIFUNCTIONALS

OVERVIEW

Today's privacy and confidentiality requirements for corporate and government entities demand that security is on the business strategy agenda. It is essential to protect the data that is printed, scanned, copied or stored, as part of the day-to-day operations and workflow every company experiences. Performing these vital tasks can leave a latent imprint of sensitive data on a system's hard disk drive; protecting the confidentiality of this data from unwanted intrusion and access is vital.

HIGHLIGHTS

- > Optional Kits for Multifunctional Products (MFP) and Printers
- > Provides Data Overwrite Technology (up to three times)
- > Manual and Automatic Deletion Process
- > Password Protection
- > Protects Company Information and assets at device Level
- > Meets Common Criteria Certification (ISO15408)*
- > EAL3 Level Conformance and Validation

Common Criteria Validated EAL3
Data Security Kit (B) Software V1.10E
Data Security Kit (E) Software V1.00E

EAL3 Conformance and Validation
Common Criteria Certification (ISO 15408)*
> Data Security Kit (B) has been ISO 15408 Certified
> Data Security Kit (E) has been ISO 15408 Certified

* The validation for information security that these products have earned indicates that they conform to the assurance requirements as a result of evaluations based on specific evaluation criteria and evaluation standards.

DATA SECURITY KIT

Protect your company's confidential documents, information and assets with Data Security Kits for select MFPs and Printers. Data Security Kit is very simple to implement, easy to use and highly reliable, providing a consistent and effective deterrent from unauthorised access and activity.

Data Security Kit Specifications

Data Security Kit Type	Model	HDD/SSD Model and Capacity
Data Security Kit C	ECOSYS FS-9130dn/FS-9530dn	Optional HD-5 (40GB)
Data Security Kit E	ECOSYS P3045dn/P3050dn/ P3055dn/P3060dn	Optional HD-6 (32GB SSD) or optional HD-7 (128GB SSD)
Data Security Kit E	ECOSYS P4040dn	Optional HD-6 (32GB SSD) or optional HD-7 (128GB SSD)
Data Security Kit E	ECOSYS P6130dn/P6035dn/ P7040dn	Optional HD-6 (32GB SSD) or optional HD-7 (128GB SSD)
Data Security Kit E	ECOSYS FS-C8650dn/FS-C8600dn	Standard 160GB HDD
Data Security Kit E	ECOSYS M3040dn/M3540dn	Optional HD-6 (32GB SSD) or optional HD-7 (128GB SSD)
Data Security Kit E	ECOSYS M3040idn/M3540idn	Optional HD-6 (32GB SSD) or optional HD-7 (128GB SSD)
Data Security Kit E	ECOSYS M3550idn/M3560idn	Optional HD-6 (32GB SSD) or optional HD-7 (128GB SSD)
Data Security Kit E	ECOSYS M6030cdn/M6530cdn	Optional HD-6 (32GB SSD) or optional HD-7 (128GB SSD)
Data Security Kit E	ECOSYS M6035cidn/M6535cidn	Optional HD-6 (32GB SSD) or optional HD-7 (128GB SSD)
Data Security Kit E	TASKalfa 3011i/3511i	Standard 32 GB SSD and optional HD-12 (320GB HDD)
Data Security Kit E	TASKalfa 4002i/5002i/6002i	Standard 8GB SSD and 320GB HDD
Data Security Kit E	TASKalfa 7002i/8002i	Standard 8GB SSD and 320GB HDD
Data Security Kit E	TASKalfa 306ci	Optional HD-6 (32GB SSD) or optional HD-7 (128GB SSD)
Data Security Kit E	TASKalfa 356ci/406ci	Standard 8GB SSD and optional HD-11 (320GB HDD)/ Standard HDD 320GB
Data Security Kit E	TASKalfa 2552ci/3252ci	Standard 32 GB SSD and optional HD-12 (320GB HDD)
Data Security Kit E	TASKalfa 4052ci/5052ci/6052ci	Standard 8GB SSD and 320GB HDD
Data Security Kit E	TASKalfa 7052ci/8052ci	Standard 8GB SSD and 320GB HDD

Data Security Features

- > 1x or 3x Overwrite Method
- > Data Encryption [Data Security Kit (C) and (E)]
- > Password Protected for Administrators
- > Automatic and Manual Deletion Modes

Installation of any Data Security Kit eliminates 'Repeat Copy' Functions
