Dear friends

Thank you for your magnificent generosity in providing our church with such a wonderful printer. I am still in shock when I think about it. It has made an immense difference to us, cutting down printing times by a huge amount and enabling us to take on projects which were way beyond what we could have attempted before. My administrator is singing your praises, and so am I. If we were to write despatches then this would get a special mention!

We are still learning and exploring the full range of possibilities that the printer provides. We will be having a Harvest Thanksgiving Service on the morning of Sunday 21st October followed by a Harvest Lunch at 12.30 and you are all invited to join us. Your company and its generosity in meeting our need with a Rolls Royce of a Printer will be high up on my list of things worthy of special mention on that morning. We will also be praying for your company that it will prosper and go from strength to strength and that God will add His special blessing on all your lives.

We do hope you will be able to join us for the meal. Thanks once again for all you have done.

Yours very sincerely

Ian Gardner
Minister
